

a town for a lifetime IRONDEQUOIT *New York*

TOWN-WIDE HISTORIC RESOURCE SURVEY FINAL COMMUNITY PRESENTATION

**SEPTEMBER 9, 2025 | 7:00 P.M.
TOWN HALL, BRODERICK ROOM**

All town residents are invited to join members of the Historic Preservation Commission and the town's project consultant, KTA Preservation Specialists, for their final presentation summarizing the findings of Irondequoit's first ever historic resource survey.

This reconnaissance-level historic resource survey, completed over the past year, was initiated by the Town of Irondequoit and funded by a \$38,500 New York State Certified Local Government Grant. Members of the Historic Preservation Commission provided hours of volunteer work to assist the town's consultant, KTA Preservation Specialists in completing the project. The final survey, to be published on the Town's website later this year, includes an in-depth history of the Town and its development, identifies potential historic districts, identifies properties worthy of individual designation, and provides analysis and recommendations for further historic preservation work in the town. The thousands of buildings and sites identified in this survey as part of potential historic districts or individual designation may be eligible for state and federal historic tax credits for both residential and commercial properties.

This survey, which provides a rich and holistic understanding of our Town's history and development, is a critical planning tool for raising awareness of and instilling pride in Irondequoit's shared cultural heritage and guiding the preservation, revitalization, and protection of the distinctive buildings, spaces, and places that create our unique sense of place.
